

Preferred supplier to Unimer members

Classic Marble has joined Unimer and is the first supplier to receive the recently introduced certificate for 'Preferred Supplier to Unimer Merchant Members'.

Christopher Hackett, marketing director of Classic Marble, met with Howard Grant, managing director of Unimer and Suzanne Millward, Unimer's marketing manager for the presentation in March.

Suzanne said: "We are delighted that Classic Marble has joined Unimer. As the first supplier to receive the recently introduced certificate, Preferred Supplier to Unimer Merchant Members, which is available to all Unimer suppliers, Classic Marble has certainly started a precedent that we will be keen to continue. We are always looking for companies with the infrastructure and resources to service Unimer members adequately, and Classic Marble fits this mould exactly; they are just the kind of business that we look to attract as a supplier."
